Re: MCU Coatings

Dear Sir/Madam,

Stork - A Fluor Company
403 Pacific Avenue
Point Lisas Industrial Estate
Savonetta, California
Trinidad
West Indies

Phone: +001 868 636 8805
Fax: +001 868 679 8515
Internet: www.stork.com

VAT number: 103188

This letter is written to express our complete satisfaction with the products and services provided by MCU Coatings for surface protection of our Clients critical plant assets.

The services of MCU were provided in a professional manner, with the utmost urgency and cost effective prices. The principals of MCU provides an array of unique alternatives and proposals which makes the resulting product customized to our particular needs.

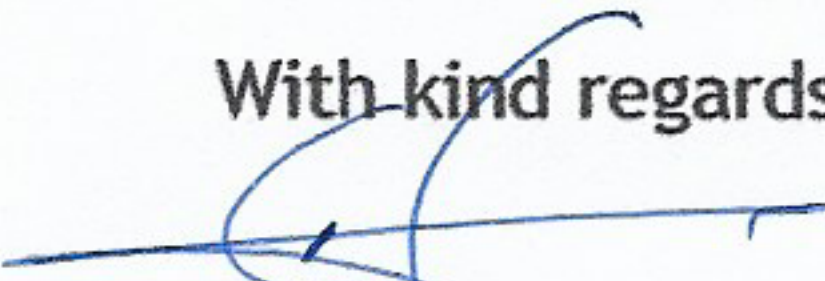

We have been using MCU Coatings for the past 3 to 4 years for full removal and over coating projects with great results. We experienced that MCU Coatings contribute a lot in important time saving due to their tolerance on high humid conditions, ease of application and fast over coating times.

Sweating pipe lines, storage tanks, Jetties and structural steel projects, were successfully finished and in excellent condition after 3 years.

We intend to continue our relationship with MCU for future projects.

Please feel free to contact me directly if you like additional information regarding Stork's relationship with MCU Coatings.

With kind regards,

Ronald Joseph
Key Account Manager
